Free

?New Years Special! ?Schedule an appointment for a quote by 1/3/2022 and receive 5% off your kitchen or bath project! Call us today 707-389-6730

Did you know that most Painters are not Cabinet Refinishers and most Cabinet Refinishers are not Painters? Each require different skill sets, types of products, materials and procedures that are used. It's very important to know who and what you are looking for when hiring, and ask for samples. Painters will paint your cabinets for a lot less but remember you may not get the long lasting, professional results that you want for the most used room in your home. Call us at 707.389.6730 to schedule your free estimate.
